Skills

- HTML5/CSS3
- JavaScript/ES6
- Reactjs
- OOP
- Responsive design/mobile first
- Visual Studio Code
- Git
- NPM

Experience

Freelance Web Dev 08/18-09/19

I did some freelance work recreating websites. I focused on Godaddy & WordPress to make an easy way for some older local businesses to have a new website and an easy way to take control of it.

- [Eagle-plumes.com](https://eagle-plumes.com) (e-commerce jewelry store)
- [Marrymeinco.com](https://marrymeinco.com) (wedding planner business)
- [Twinowldigital.com](https://twinowldigital.com) (freelance website)

Education

Front Range Community College: 2015-2017

Rocky Mountain High School: 2009-2013

Goals

- AJAX & RESTful API's In the next ~ 3 months.
- Nodejs, Express, & MySQL to incorporate more backend technologies into my workflow. In the next ~ 1 year.
- Java, because I want to eventually get into mobile development. In the next ~5 years.
